

### What is the Bee Network?

It is Greater Manchester's vision to create an integrated London-style transport system which will join together buses, trams, rail as well as cycling and walking.

The vision is to create the perfect neighbourhood and the Bee Network will connect up every area and community in Greater Manchester, making it easy, safe and attractive for people to ride, scoot, walk or wheel will create a transport system that joins up buses, trams, cycling, walking and rail.

The scheme will make trips by foot and bike a safe, pleasant experience, contributing to the delivery of the UK's largest cycling and walking network.

### Planned Works

- Phase 1 - 3<sup>rd</sup> October 2022 to 27<sup>th</sup> April 2023

- Civils Project Manager
- Assistant Works Manager
- Quantity Surveyor
- Traffic Safety Officers
- HR & Training Administrator

Please submit your CV to [hr@gcox.co.uk](mailto:hr@gcox.co.uk).

### Progress

All the newly constructed block-paved footpaths were completed in the run-up to our Christmas shutdown, presenting a remarkable transformation to the area. The enhanced pathways not only look fantastic but also contribute significantly to the overall aesthetic appeal.

Upon our return from the shutdown on January 8, 2024, we commenced works on the next phase of our project – the development of the Railway approach car park. We anticipate its completion, ready for public parking, by mid-February 2024.

Simultaneously, our team began works on the railway bridge located on Manchester Road, we also anticipate the completion of this by mid-February, which will then see successful completion of the whole scheme.
