Rochdale Borough Council, Rochdale Development Agency, and George Cox are working in partnership to deliver an extension to the recently completed South Heywood Link Rd.

The South Heywood Link Road, which connects Pilsworth Road at Heywood Distribution Park to the M62 at Junction 19, was completed in autumn 2022. It is now proposed to extend the link road and create a new off-road cycleway/footway that will run to the junction at Moss Hall Rd/ Pilsworth Road. This extension aims to provide a safer corridor for pedestrians and cyclists from Junction 19 through to the Harry Hill Cycleway, which leads to Bury Borough Council.

Planned work

We have had a busy month of March to get the works completed by the Easter weekend. The works have mainly been laying the new surface to the road and footpath, followed by new road markings and cats-eyes before removing the temporary barriers.

We're pleased to say that the works have been completed on time and to budget, with the road fully opened to traffic on 23rd March.

We are still on site with a skeleton crew attending to minor details (planting some missing plants, pointing up around manhole covers and the like) but this should all be complete within early April.
